WRANGELL INSTITUTE, WRANGELL, ALASKA

EAGLE AWARDED MEDALIST CERTIFICATE

THE WRANGELL EAGLE has been awarded the Medalist Certificate for 1967. We want to congratulate the art designers, the typists feature writers, and all other students who have helped this year.

Everyone has done a very good job in keeping the school paper going. These students have been working hard during the past school year, and everyone thinks that they should be complimented. Here is hoping there will be some good writers for the school next year.

....Goosma

ONLY THREE MORE WEEKS

There are only three more weeks of school and staying here. All the students are very happy and excited. They have all enjoyed their stay here and enjoyed the school year, though at the beginning they were homesick and wanted to go home. But now, they don't have very long to go, and some of the students will hate to leave their friends.

Most students will be glad to go home to their parents and hometown.

....Elizabeth

CREATIVE WRITING AWARDS GIVEN OUT

There was a contest in reading for the best story that would finish the unfinished story that was in READ magazine. The person who had the best story would receive a creative writing pin. Mrs. Sinclair helped Mrs. LaMarr judge the contest. Here are winners:

- First prize - Ann Arrow
- Second prize - Kenneth Selanoff
- Third prize - Roger Larionoff
- Fourth prize - Frederick Vaska
- Fifth prize - Rose Williams

The contest was between the five classes. Congratulations to the winners!

Sophie Zaukar
....Matilda Alstrom

EAGLE AWARD MEDALIST RATING

More than 1800 publications from all across the nation send school papers to the Columbia Scholastic Press Association for judging. The WRANGELL EAGLE is entered each year to be judging along with many other elementary school papers.

The awards are made on a 1-1000 point basis, with Medalist, first, second, third or fourth place given to each entry. The EAGLE'S medalist, rating came with a total of 880 points out of 1000.

The paper staff and contributors are to be congratulated.

SUMMER SCHOOL TO START

Edgcumbe has invited some of the Institute students to participate in their summer school program. Approximately twenty students have signed up, but first the office has to receive permission from their parents.

They will leave here on the ferry, on the 26th of May. Then they will leave out of school there on the 30th of June.

....Nellie Kookesh

BUSIEST MONTH OF THE YEAR

May is probably the busiest month of the year, because lots of things are going on. Things like packing up, school picnics, field day, the prom dance, farewell dance, and others.

The matrons are especially busy because they have to pack the clothes and check the numbers.

Maybe May is the busiest month of the year.
....Ted Williams

FIELD DAY COMING

On May 18th there will be a field day. Everybody will see this day.

A field day is a place where they have all kinds of races, such as wheelbarrel race, threefoot race, and many others. They usually have prizes for first place, second place, and third place.

Well, everybody, have FUN!

....Mary Afcan

ANTI-LITTERBUG TEENS CAN HELP

PICNIC FOR 4-H GIRLS

On May 13, 1967, the 4-H girls will have a picnic at the city park. We will get food from the kitchen and go down to the city park at 1:00 p.m. and be back by 4:00 or 5:00 p.m.

The 4-H girls are Rose Pitka, Adeline Malcolm, Helga Katchatag, Julianna Hapoff, Onessia Alexie, Augusta Ayapan, Metro Oxer-eok, Gloria Gregory, Annie Alexie, Natalia Macar, Susan Jeppson, Anna Hawley, Inez Kookona and Annie Wyagon. Our advisor is Mrs Ingle. She started the 4-H club. Thanks a lot to her.

Our club's name is "LUCKY STAR."

....Annie Wyagon

TEACHERS MAKE TRIPS

Mr. and Mrs. Dow went to Mt. Edgecumbe on a teacher exchange. They will be gone three days. They will talk about schools. This will give the teachers a chance to see the boys and girls whom they have already taught, and see how they have progressed. They will be back Wednesday.

Mrs. Sinclair and Mrs. Smith have been to Chemawa.

....Fred Vaska

WRITING POEMS IN READING

All the students wrote poems in the reading class. All the poems were very good.

The poems were about Alaska's beauty, like the white high mountains, the Eskimo people, and the land where Eskimos live.

This writer wrote one about the dog. It was about four lines. Some students wrote more than four lines. They made the words sound alike.

....Maggie Oktollik

PINS WILL BE AWARDED

Mr. LaMarr received some band and chorus pins some time ago. He will give these to students in the band and chorus. But the student must go to practice Monday through Thursday from 6:00 P.M. to 6:30 P.M., and on Friday from 3:09 to 4:10 P.M. He also said that a person could miss one day, but we, the guys and gals, have to work for the pins.

Some students will get both pins. They will get them on Awards Day. There will also be a musical program on this day.

....Gloria Gregory

Who's Who?

William Hall

As much as I hate to say it this is the last issue of the year and I have two special students to report on.

The boy is from Kodiak Island and is a friend of this writer. He has black hair and black eyes. He is in the band. You would say that he is between medium and tall. He is a very considerate person and has a very good personality. He also has a great sense of humor. His favorite sport is basketball. He is usually seen with D.F.

WHO DO YOU THINK HE IS????

The girl this month is from Angoon. She has brown hair and brown eyes. She is a little short. And is a very nice person. Her best friend is C.F. She likes to play dodge ball. She is well known around campus.

WHO DO YOU THINK SHE IS????

SLUMBER PARTY AT WATKIN'S HOUSE

Every Friday and Saturday night, seven girls go to the Watkins' house and have a slumber party. They play records, dance, or just plain talk. They could sleep until noon, because they stay up as long as they want to. It is fun and we hope that no one spoils it!

....Ann Arrow

SLUMBER PARTY WAS EXCITING

Some girls signed up for a slumber party to spend the night at the superintendent's house. You could stay up as long as you wished and get up late. You could play records and have a midnight snack. You could also sleep until noon if you wished to.

At least seven girls could sign up for Friday or Saturday night. If you signed up for Saturday night you wouldn't have to go to church Sunday morning. But Friday night was as good as Saturday night.

If you happen to go you'll really have lots of fun. Just sign up at the guidance office, and if you're lucky, you'll have a night at the superintendent's building.

....Anna Willis

GIRLS TAKE HONOR HIKES

On Sunday afternoons a lot of girls go on honor hikes. They have to sign out and be back within an hour. Most of the time they just go around the loop and come right back. It's fun to go walking without somebody having to go with you.

....Esther Illutsik

DENTIST VISITS WRANGELL INSTITUTE

Last month a dentist and his helper came to check the students at Wrangell Institute. They stayed here for two weeks.

In that time they called students from classes to the health center to check the students' teeth. The dentist filled the students' teeth. After they had stopped filling them the dentist sent the student back to class.

It sure has been a pleasure to have the dentist and his helper here taking care of the students' teeth.

....Pavila Pavila

KEEP AMERICA BEAUTIFUL

Let's eliminate litter—
and preserve the beauty
and bounty
of our country

CAMPING OUT IS FUN

The boys from the Institute have been camping out on the week-ends. They stay at the camp on Friday evenings and Saturday mornings. They have to be back before lunch. In the mornings the campers cook their own breakfast.

The camp is about one half mile from the Institute. But going up to the camp is wet and rough trail. The trail is marked by red arrows. The arrows lead to the camp and back to the Institute.

There are six tents at the camp. In each tent two campers sleep. There could be ten to twelve campers, but not more than twelve, because only two campers could sleep in one tent.

....Willie Kasayulie

HIKES ARE GOOD FOR YOU

The boys and girls usually take hikes down the loop and up to Rain Bow Falls. Students enjoy walking around the loop when the sun is blazing on them and the old earth. It's swell to take hikes on sunny days and perhaps rainy days. Besides it's fun to get water, and feel cool all over. The hikes take about one hour around the loop. Go hiking. It is swell and good for you.

..Alfred Elachik

DEER SEEN

One day there was much excitement in the dorm. Two deer were down to feed on the leaves. Some students went up close to the deer and took pictures of those two beautiful deer.

Some went up close to them, much closer than expected. They went so close to them that they ran way into the forest.

....Augusta Ayapan

GOING HOME

Pretty soon the students will be heading home. All the students will be happy to see their mom, dad, relatives, and their friends. Boy! some can't wait. Friends will be missed, but everyone will be glad to see the people back home. Next year students will probably see some of their friends at Chemawa or Mt. Edgecumbe. The students will surely miss Wrangell Institute.Sheryl Lolnitz

PACKING FOR HOME

Boys and girls started packing around May. They washed and ironed their clothes before they packed them.

Some boys and girls are so happy that they tell a lie to a matron that his clothes have been washed already. Don't get too excited because you might get restless before you get on the plane.

In the girls' dorm the matrons take 20 or 25 girls each. The matrons that signed up girls for herself tells them to get ready so the matron could check to see if she had her belongings.Bernice Ahsoak

GROUP I DEBATING

Group I has been debating about restrictions. Each student's duty was to make a list of restrictions. The students came up with 120 restrictions. When we were debating we ended up with thirty-one restrictions plus a few isolated ones.

We are going to make a booklet about restrictions so the students coming here next year will be aware of a restriction and the act done.Shirley Moto

WHAT I'M GOING TO DO WHEN I GO HOME

When I go home this spring I'm going to hunt Ptarmigan, and go geese hunting. In the spring my parents and I always go camping. Most of the people at Brevig always go camp where there are lots of animals to hunt. The men mostly go hunting. This spring I'm going hunting with them. I used to go hunting for ducks when I was at home. The people hunt seals, geese, and other different kinds of wild animals. In the summertime we fish and dry them up for winter food. We store some for dogs. In the fall we go pick berries and store them in a barrel. There is lots to do at home.Leonard Adams

ACHIEVEMENT TESTS TAKEN

On April 24 and 25, achievement tests were taken in all groups. We had to stay in our homerooms the whole time we had them. School was let out early on those two days.

On the afternoon of the twenty-sixth we went back to our daily schooling schedule.

The reason for these tests was to tell the teachers what we have accomplished during the school year here at Wrangell Institute. It was also to tell what school we are qualified for next year.Helga Katchatag

MOVIE WAS GOOD

On April 29 students from Wrangell Institute went to the movie in town. But the students didn't go with the big bus, because it was broken down. We had to go on the small shopping bus. Only sixteen girls and boys went, because the small bus can't hold any more than sixteen students. The name of the good movie was "It's Been a Hard Days Night". It sure was a good movie.Helen Nelson

Poetry of the Month...

WONDERFUL DAY

Oh, what a wonderful day
The sun is shining bright.
For little ones, it is time to play.
Before you know it it will soon be night,
And soon you will be fast asleep.
And still another day is coming your way
Until you get up from your sleep.
Yes, there is always another day.

....John Druck

SUMMER HAS COME

The summer has come
The beautiful sight of trees
The sky a blue dome
And the buzzing sounds of bees

The birds singing their beautiful songs
And the great big smile of the sun
And the days seem so long
With the mosquitoes having fun

....Martha Akpik

EVERGREEN

Evergreen Evergreen
What a great scene
Towering like a skyscraper
But smells like a wafer
Waving in the soft breeze
Making you want to sneeze
They tower on hills
At daybreak they give you the chills

....Albertha Pitka

TREES REACH HIGH

The trees reach high into the clear blue sky
They grow so high and then have to die.
Where tall trees grow there is bound to be,
A mill that cuts the trees we see.
Before we know it there will be none,
They'll cut them down like Paul Bunyan.

....Danny Forsovitch

THE SEA

The splitting and splashing of rough sea,
Splashing the overland.
Swaying roughly over the beach of white sand.
Swaying over is the splashing sea into the
Splashing river.
Tumbling the banks of mud and sand.
Close by is an old man swinging and swaying
His rope about.
What has he to do swaying his rope about?
He stood there swaying while the sea splashed
About the sand and rocks.

....Alfred Elachik

LITTLE ESKIMO BOY

Oh, little Eskimo boy come mush your
Eskimo dogs.
For they wish to go swishing along in
The misty sky among the stars that
Swish on by.
Where the northern lights play and
Stay all night.

Oh, little Eskimo boy how you seem so
Bright among the lights of the beautiful
northern lights which lite the
clear blue sky.

Oh, little Eskimo boy you drive your
Team like a golden beam which streaks
Across the clear blue sky.

Oh, how I wish I could see my friend,
The little Eskimo boy.

....Enoch Tooyak

THE WIND

The wind goes a prowling.
Ever hear it a howling?
Sometimes it says oooo-oooo,
And other times it says you you you.

....Jennie Aukon

SIT AND WONDER

As I sit and wonder what will become
of me,

It just dawns on me that time is
Passing, passing on.

What will I do as I sit and wonder
What will become of me?

STEP BY STEP

Behind me a boy walked with a wink.
I began to think I might burst,
And maybe something worst.
He stepped into the street, and he
Looked sweet.

His hands were clapping, and my feet
Were pattering.

I began to cry, then he came by.
He made me stop, and he began to go
Away.

....Addie Malcolm

THAT DAY

Already May!
Just 25 more days until
That day!

....LaVerne Willoya

(19no st 1000s)

THE TRACK TEAM GOES TO MT. EGECUMBE

The Institute track team went over to Mt. Edgecumbe to run against the Edgecumbe team. They left Wrangell Thursday, at 7:00 P.M. They had a real nice trip over. They reached Mt. Edgecumbe Friday.

They ran the same day they got there. The meet started at about 3:00 P.M. Friday and ended about 5:00 P.M. Our team did their very best, but they lost by six points.

After the meet they had three days to look around and get acquainted. Most of them that went over really enjoyed it there. There was only one thing, they said Mt. Edgecumbe can't beat Wrangell Institute's chow.

The boys traveling were: Burt Mercurief, William Albert, Donovan Hamburg, William Agavluk, Leonard Huntington, Charles Jacko, Kenneth Selanoff, Dimitri Johnson, and Harris Okboak.
